

2024 OPPORTUNITIES

AN INVESTMENT IN A VITAL, FLOURISHING COMMUNITY

Since opening our doors in 1995, Mustard Seed Shelter has provided shelter and radical hospitality to more than 1,700 women and children experiencing homelessness. Our beginnings were incredibly humble – a few friends pooling their resources to make a difference in the lives of a few women at a time. Our family and organization grew over the next 20 years.

Today, a small staff and an impressive army of volunteers do the work of Mustard Seed, which now shelters up to 40 women and children at a time. Our home on Cherry Street is a place where our guests, staff and volunteers form a close-knit family. We rely entirely on private donations to provide those we serve with a safe and welcoming space where they are able heal, find their purpose and place in the community, and work toward reaching their full potential. We have no time limit for how long they can stay; the timeline is guided by their progress and readiness to reintegrate into the community.

Our Sowing Seeds of Hope events are a critical source of funding for the life-changing work we do at Mustard Seed. Each year, we have taken what we've learned and enhanced these events for attendees and opportunities for sponsors. In 2024, to aid businesses, organizations and others with planning their community outreach budgets, we are introducing a comprehensive menu of investment options that encompass both of our signature events, as well as other opportunities throughout the year. **By sowing seeds of hope, you are investing in a vital, flourishing community.**

I invite you to explore the options, consider what level of investment fits best with your outreach budget and goals, and select one or more opportunities to support. Please don't hesitate to contact me if you have questions or would like to further discuss ways to get involved.

Many thanks in advance for helping us sow seeds of hope in 2024 and beyond!

Amy Bartels Roe, Executive Director

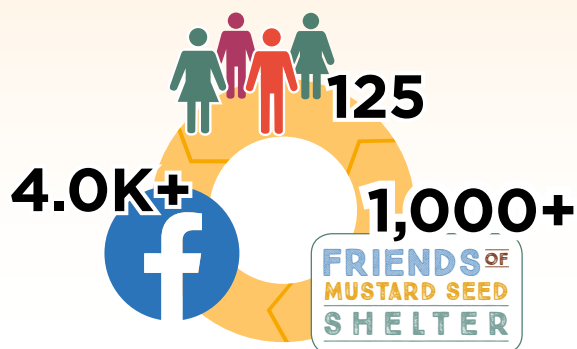

OUR MISSION: *We water the seed of inner strength in women experiencing homelessness so they can make a better life for themselves and their children.*
